## BIO

---

IT professional with a degree in Information Technology, specializing in web development. Proficient in HTML, CSS, JavaScript, ReactJS, Tailwind CSS, Bootstrap, Postman, Git & GitHub, Shopify, BigCommerce and Figma. Seeking entry-level opportunities to contribute to impactful projects and enhance user experiences.

## EXPERIENCE

---

### MakkPress Technologies, Delhi - Web Designer

OCT. 2024 - FEB. 2025

- Configured and launched 3+ Shopify and BigCommerce stores, including theme selection and customization to align with brand identity.
- Ensured all stores were mobile-responsive across platforms, resulting in a 20% increase in mobile user engagement.
- Analyzed store performance metrics and implemented optimizations, leading to a 30% increase in page load speed and a 15% boost in conversion rates.

### Milleniance Softnet, Noida - Software Developer

MAR. 2024 - SEP. 2024

#### LEAD MANAGEMENT SYSTEM

- Designed UI for Lead Management System, increasing user engagement by 30%.
- Integrated 5+ APIs for login and authorization, reducing login times by 40%.
- Managed sessions with cookies, achieving 99.9% data accuracy and security.

#### CLIENT PROJECT: MFIN INDIA

- Optimized website with dynamic maps, boosting user engagement by 50%.
- Enabled multi-layered state-to-city navigation, cutting navigation time by 25%.

## PROJECTS

---

### Personal Portfolio

- Built a responsive portfolio using ReactJS and Modular CSS.
- Used a custom hook for managing preferences and localStorage for theme persistence.
- Implemented Context API for global state and theme switching.

### Currency Converter

- Developed a user-friendly App using ReactJS, Tailwind CSS, and JavaScript.
- Integrated currency-api for real-time exchange rates, ensuring accuracy.
- Supported dynamic conversion between various international currencies.

### To-do List

- Developed a Todo List application using ReactJS to manage tasks.
- Implemented Create, Read, Update, and Delete (CRUD) functionality for tasks.
